PROFILE

Motivated Software Engineering undergraduate with hands-on experience in software development, database management, web development, and collaborative Git-based projects. Eager to apply technical knowledge in real-world projects and continue developing professional software engineering skills.

TECHNICAL SKILLS

Programming: Java | C# | PHP | SQL | HTML5 | CSS3

Frameworks & Technologies: .NET | ASP.NET Core | Blazor | React | Firebase | Java Swing | JDBC

Databases: MySQL | SQL Server | Firebase Realtime Database

Tools: Visual Studio | VS Code | NetBeans | MySQL Workbench | SSMS | Git | GitHub | XAMPP

Design Tools: Adobe Illustrator | Adobe Photoshop | Adobe InDesign | CorelDRAW

Software Engineering: OOP | CRUD | Database Design | API Development | Git Version Control

EDUCATION

St. Anthony's College, Kandy

2009-2023

G.C.E. Advanced Level: [Engineering Technology]

G.C.E. Ordinary Level: 2019

BSc (Hons) Software Engineering (Ug)

ICBT Kandy Campus / Cardiff Metropolitan University | Expected Graduation: [2028]

Diploma in Information Technology- (LPEC Campus) | [2023 - 2024]

PROJECTS

Shoe Management System

Java | Java Swing | MySQL | JDBC

- Developed a desktop-based shoe management application using Java Swing and MySQL.
- Implemented CRUD operations for shoes, brands, categories, prices, and stock quantities.
- Designed user interfaces using JFrame, JTable, forms, and navigation components.
- Integrated MySQL using JDBC for database connectivity and data management.
- Applied Object-Oriented Programming principles throughout the application.
- Implemented search and record-management functionality.

Fitness Center Management Website

PHP | HTML | CSS | MySQL | XAMPP

- Developed a database-driven fitness center website using PHP, HTML, CSS, and MySQL.
- Implemented server-side functionality for processing user requests.
- Designed database structures for user and application information.
- Implemented SQL-based data management operations.
- Tested the application using a local XAMPP development environment.

Carpool Management System

React | JavaScript | Node.js | Git | GitHub

- Contributed to a collaborative web-based carpool management project.
- Worked with Git branches and commits within a team development environment.
- Contributed to frontend development and project documentation.
- Collaborated with team members to develop and integrate project features.

Online Bookstore Management System

C# | ASP.NET Core 8 | Blazor | Entity Framework Core | SQLite | REST API | Swagger

- Developed a responsive online bookstore web application using C#, ASP.NET Core and Blazor with role-based access for Customer, Store Staff, and Administrator users.
- Implemented customer registration and login with BCrypt password hashing, server-side validation, and role-aware navigation.
- Built book browsing with search, filter and sort, book details, shopping cart, checkout, and customer order tracking.
- Developed Store Staff order processing and inventory monitoring, and Administrator management of users, roles, books, authors, publishers, and sales.
- Designed the relational database using Entity Framework Core code-first migrations with SQLite, including stock validation.
- Built REST API endpoints documented with Swagger.

EXTRA CURRICULAR ACTIVITIES

Member : **IT Society ICBT Kandy [2025 – 2026]**

- Organized DrawX, a digital art competition, as Promotional Manager.
- Organized “Drone Dash”, a drone technology event.
- Coordinated the Ideamart technology event.
- Worked with team members to deliver society events and activities successfully.

CORE STRENGTHS

- Problem Solving
- Teamwork & Collaboration
- Communication
- Time Management
- Analytical Thinking
- Adaptability
- Technical Troubleshooting
- Self-Learning
- Project Documentation

LANGUAGES

Sinhala: Native | English: Intermediate

CERTIFICATIONS

[Certification Course in Graphic Design] — [Open university Sri Lanka] | [2024-2025]
